

HOTEL

First Android-based smart HOSPITALITY TV solution
that **truly** supports a HIGH QUALITY
video experience

NEVRON HOSPITALITY TV

Nevron
5 Star IPTV solutions

*"Let your guests know
you care about them."*

Nevron IPTV provides reliable, fast, simple to manage and easy to use solutions for attractive in-room entertainment and connective and informative services that are accessible on guests' TV screens.

Nevron Hospitality TV solution enables engaging interactive TV services that are necessary to increase guest satisfaction and enhance hotel profits. And, there is even more! Nevron Hospitality TV represents the main relationship portal between you and your guests.

The constant exchange of information, news, promotions and requests through the relationship portal enables you to be much more aware of your guest's needs and concerns, thus enabling you to fulfill their expectations. High levels of guest satisfaction are reflected in better return rates and makes guests your most faithful clients or even ambassadors of your facility.

*"Guest
satisfaction is all
that counts."*
